

# Refresh Rec's Point System

Refresh Rec uses a tier-based point system modeled after Volleyball BC to ensure teams are rewarded fairly based on performance. Points are not based on which division you signed up for, but on how your team performs in the playoffs.

## How the System Works:

Teams register under a division (e.g., Open, AAA, AA, A) to help us seed and balance pools. This has no impact on final points.

After round robin play, teams are reseeded into playoff tiers based on their performance (e.g., Tier 1 = top performers, Tier 2 = next group, etc.).

Once playoffs are complete, teams earn points based on their final placement within their tier – not their original division.

## Point Breakdown

	1st	2nd	3rd	4th	5th	6th	7th	8th	9th+
Tier 1	100	80	70	60	50	40	30	20	10
Tier 2	80	70	60	50	40	30	20	10	5
Tier 3	60	50	40	30	20	10	5	5	5
Tier 4	40	30	20	10	5	5	5	5	5

Note: If your team finishes outside the top 8 in any tier, you'll receive the base points listed in the "9th+" column.

## Why We Use This System:

1. Rewards strong finishes
2. Discourages sandbagging (i.e., signing up for lower divisions for easy wins).
3. Helps rank in future tournaments
4. Creates a fun and competitive leaderboard

## Awards

### Based on points:

- Most Points
- Most Improved
- Rookie of the Year

### Based on votes:

- Best Server
- Best Setter
- Best Attacker
- Best Defender
- Best Blocker
